

DATE _____

In preparation for your child's IEP, please complete the following statements as specifically as possible. *Return this form to your child's teacher as soon as possible.*

1. At this time, my child's academic, social and/or emotional strengths include the following:
2. At this time, my child seems to need to learn the following:
3. I would like the school to do the following to help my child:
4. I feel that I could do the following to help my child at home:
5. I would like to stress the following information about my child that is important to his/her general development and performance.

Due to the mandated changes in the IEP process, it is now required that the team develop a vision statement for each student's IEP. The vision is a long range-plan developed by and with the learner, his/her family, and other members of the IEP team. Please reflect on the following questions and develop a vision statement to incorporate in your child's IEP.

1. What do you envision for the student in the next few years or his/her adult life?
2. What are the student's interests, talents, and strengths?
3. What would the student like to learn?
